CLINICAL AND PROFESSIONAL EDUCATION MSc / 2017/18 ENTRY

www.ucl.ac.uk/graduate/meded
This exciting interprofessional programme has been designed by UCL Medical School to meet the needs of practitioners of all disciplines involved in the education and training of medical, nursing and other healthcare staff.

### Degree summary

By participating in this modular programme participants will be able to select the most relevant topics for their clinical and professional environment that will enhance their future teaching practices.

- UCL Medical School co-ordinates developments in medical teaching and education and addresses curriculum development, academic standards, the assessment process, ethics and law, clinical and generic skills acquisition and research in medical and clinical education.

- Our programmes enable participants to gain greater knowledge of teaching and learning processes, develop practical skills and techniques, and gain a deeper understanding of the evidence and theory underpinning current thinking and practice in clinical and professional education.

- Given the interprofessional nature of this programme you will have the opportunity to network with like-minded individuals keen to enhance the teaching and learning of clinical and professional education across medical, nursing and allied health professions.

This programme is delivered through a combination of methods with some blended learning, some distance learning and some face-to-face. Modules use a range of interactive online methods through a virtual learning environment to enable students to learn in a virtual, collaborative environment. Assessment is through coursework.

## Degree structure

**Mode:** Part-time: 3 years; Flexible: up to 5 years  
**Location:** London, Bloomsbury

This programme is delivered by blended learning. Some modules are a mix of face-to-face and distance learning and others are completely distance learning.

Students undertake modules to the value of 180 credits. The MSc comprises two core and up to six optional modules (120 credits) and a research project (60 credits). Students can study part time (up to three years) or flexibly (up to five years).

A Postgraduate Diploma comprising of two core modules and up to six elective modules (120 credits, part-time two years, flexible up to five years) is offered.

A Postgraduate Certificate comprising one core and three optional modules (60 credits) is offered.

### CORE MODULES

- **PG Certificate Year - Teaching and Learning in Medical Education (15 credits)**
- **PG Diploma Year - Writing a Research Proposal for Clinical and Professional Education (15 credits)**

- **Introduction to Clinical Simulation (15 credits)**
- **Clinical and Educational Supervision (30 credits)**
- **Learning and Teaching for Adults (30 credits)**
- **Contemporary Issues in Clinical Education (30 credits)**

### DISSERTATION/REPORT

- All MSc students undertake an individual research project which culminates in a dissertation of 15,000 - 20,000 words.
Your career

Whilst many practitioners will continue to practise in their own health and related professions, this award carries with it the opportunity to develop a more formal role in undergraduate or postgraduate clinical and professional education.

Employability

Launched in 2015/16, this is a new programme for UCL Medical School. However, our taught Master’s-level programme, Medical Education, has helped graduates to attain high-level posts as NHS consultants or academics in the university setting. We anticipate that this programme will have similar outcomes and enable graduates to secure educational posts in their own profession and specialties.
Entry requirements

A minimum of a second-class UK Bachelor’s degree in a relevant discipline or an overseas qualification of an equivalent standard, and relevant professional experience in a clinical or educational setting.

English language proficiency level

If your education has not been conducted in the English language, you will be expected to demonstrate evidence of an adequate level of English proficiency.

The level of English language proficiency for this programme is: Standard.

Information about the evidence required, acceptable qualifications and test providers is provided at: www.ucl.ac.uk/graduate/english-requirements

Your application

Students are advised to apply as early as possible due to competition for places. Those applying for scholarship funding (particularly overseas applicants) should take note of application deadlines.

When we access your application we would like to learn:

// why you want to study Clinical and Professional Education
// why you want to study Clinical and Professional Education at UCL
// what particularly attracts you to the chosen programme
// how your academic and professional background meets the demands of this challenging programme
// where you would like to go professionally with your degree

Together with essential academic requirements, the personal statement is your opportunity to illustrate whether your reasons for applying to this programme match what the programme will deliver. Applicants who have a teaching portfolio are strongly recommended to submit it when they apply.

FEES AND FUNDING 2017/18 ENTRY

// UK: £TBC (PT)
// EU: £TBC (PT)

Full details of funding opportunities can be found on the UCL Scholarships website: www.ucl.ac.uk/scholarships
