ORAL AND MAXILLOFACIAL SURGERY MSc / 2019/20 ENTRY

www.ucl.ac.uk/graduate/
This one-year full-time or two-year part-time Master’s programme is designed to provide an understanding of applied clinical sciences and the concepts of oral and maxillofacial surgery, with practical experience in dentoalveolar surgery.

**Degree summary**

The programme combines taught courses and a research component. Students attend teaching clinics, lectures, seminars, and carry out research leading to a project dissertation. There are supervised clinical and laboratory modules and the opportunity to observe at inpatient operating sessions.

The students benefit from the broad programme structure that includes operating sessions, outpatient clinics, lectures, demonstrations, practical clinical skills, seminars and the use of investigative techniques to illustrate the diagnosis and management of orofacial surgical disease.

The programme is delivered via supervised clinical teaching on a one-to-one basis and theoretical instruction including seminar teaching, lectures, journal club, self-directed learning and problem-based learning.

**Degree structure**

Mode: Full-time: 1 year; Part-time: 2 years

Location: London, Bloomsbury

Students undertake modules to the value of 180 credits. The programme consists of six core modules (120 credits) and a research dissertation (60 credits).

Please note that the list of modules given here is indicative. This information is published a long time in advance of enrolment and module content and availability is subject to change.

Your career

One of the programme’s aims is to contribute to the development of oral and maxillofacial surgery in other countries especially where healthcare challenges are different from the United Kingdom, recognising that trainees may have to contend with a higher prevalence of untreated disease, limited financial and technical resources, and potentially limited expertise and support for the specialty.

Employability

On completion of their studies, some graduates undertake senior house officer posts in UK teaching hospitals and take the opportunity to progress through specialist training posts to become NHS hospital consultants. Overseas graduates may return to their home country to continue their specialist training. Some graduates go into NHS or private dental practice whilst others pursue medical training or further research, teaching and academic careers.
Entry requirements

All applicants must hold an approved dental qualification and have a minimum of two years’ clinical experience post-qualification.

English language proficiency level

If your education has not been conducted in the English language, you will be expected to demonstrate evidence of an adequate level of English proficiency.

The level of English language proficiency for this programme is: Good. Information about the evidence required, acceptable qualifications and test providers is provided at: www.ucl.ac.uk/graduate/english-requirements

Your application

Students are advised to apply as early as possible due to competition for places. Those applying for scholarship funding (particularly overseas applicants) should take note of application deadlines.

When we assess your application we would like to learn:

- how your academic and professional background meets the demands of this programme
- why you want to study oral and maxillofacial surgery at graduate level
- what particularly attracts you to this programme
- what is your source of funding and is this something you have applied for already
- what is your previous experience in oral and maxillofacial surgery
- what is your aim after completion of this Master’s degree and how do you expect this qualification to help you.

Together with essential academic requirements, the personal statement is your opportunity to illustrate whether your reasons for applying to this programme match what the programme will deliver.

There is an application processing fee for Eastman Dental Institute programmes of £110 for online applications and £135 for paper applications. Further information can be found at: www.ucl.ac.uk/prospective-students/graduate/taught/application.

FEES AND FUNDING 2019/20 ENTRY

- UK: £26,660 (FT), £14,610 (PT)
- EU: £26,660 (FT), £14,610 (PT)
- Overseas: £43,240 (FT), £23,760 (PT)

The tuition fees shown are for the year indicated above. Fees for subsequent years may increase or otherwise vary. Further information on fee status, fee increases and the fee schedule can be viewed on the UCL Students website.

Fee deposits for this programme are as follows: UK/EU full-time and part-time students £2,500; Overseas full-time and part-time students £5,000.

Full details of funding opportunities can be found on the UCL Scholarships website: www.ucl.ac.uk/scholarships

APPLICATION DEADLINE

All applicants: 7 January 2019

Details on how to apply are available on the website at: www.ucl.ac.uk/graduate/apply
