ORAL SURGERY (ADVANCED TRAINING) M ClinDent / 2018/19 ENTRY

www.ucl.ac.uk/graduate/eastman
This full-time, three-year Master’s programme is designed for students either from UK/EU or overseas countries.

**Degree summary**

The programme combines taught modules with a research component. Students attend teaching clinics, lectures, seminars, and carry out research leading to a project dissertation. There are supervised clinical and laboratory courses and the opportunity to observe at in-patient operating sessions.

The programme’s students benefit from the broad programme structure that includes operating sessions, outpatient clinics, lectures, demonstrations and seminars and the use of investigative techniques to illustrate the diagnosis and management of orofacial surgical disease.

You can find out more about the programme on the Institute’s Oral Surgery (Advanced Training) MClinDent page.

The programme is delivered through clinical instruction on a one-to-one basis, theoretical instruction including seminar teaching, lectures, journal club, self-directed learning and problem-based learning.

**Degree structure**

Mode: Full-time: 3 years

Location: London, Bloomsbury

Students undertake modules to the value of 360 credits. Year one consists of core modules to the value of (135 credits). Year two consists of core modules (135 credits) and a dissertation (90 credits). Year three (Advanced Training only) is not credit bearing.

**CORE MODULES**

- Principles of Treatment Core Course (Oral/Oral and Maxillofacial Surgery)
- Clinical Care Core Course (Oral/Oral Maxillofacial Surgery)
- Dento-Alveolar Surgery 1
- Theory of Oral/Oral and Maxillofacial Surgery
- Dento-Alveolar Surgery 2
- Dento-Alveolar Surgery 3
- Trauma and Correction of Facial Deformity
- Oral Oncology

**OPTIONAL MODULES**

- There are no optional modules for this programme.

**DISSERTATION/REPORT**

- All students undertake an independent research project which culminates in a dissertation of approximately 13,000-15,000 words.
Your career

The programme aims to offer education and training in oral surgery that will provide a solid foundation for progression towards higher surgical training and/or a research career in this field. Graduates who have recently completed the programme have returned to take up positions around the world as academics and clinicians in oral surgery.

Recent career destinations* include:

Dental Surgeon, Royal Free London NHS Foundation Trust

Employability

Current students are planning, on completion of the programme, to sit the MOS (Membership in Oral Surgery) tri-collegiate examination of the Royal College of Surgeons of England, Glasgow and Edinburgh.

* Careers data is taken from the ‘Destinations of Leavers from Higher Education’ survey undertaken by HESA looking at the destinations of UK and EU students in the 2013-2015 graduating cohorts six months after graduation.
Entry requirements

All applicants must hold an approved dental qualification and have a minimum of two years’ clinical experience post-qualification.

English language proficiency level

If your education has not been conducted in the English language, you will be expected to demonstrate evidence of an adequate level of English proficiency.

The level of English language proficiency for this programme is: Good.

Information about the evidence required, acceptable qualifications and test providers is provided at: www.ucl.ac.uk/graduate/english-requirements

Your application

Students are advised to apply as early as possible due to competition for places. Those applying for scholarship funding (particularly overseas applicants) should take note of application deadlines.

When we assess your application we would like to learn:

- how your academic and professional background meets the demands of this programme
- why you want to study oral surgery at graduate level
- what particularly attracts you to this programme
- what is your source of funding and is this something you have applied for already
- what is your previous experience in oral surgery
- what is your aim after completion of this Master’s degree and how do you expect this qualification to help you.

Together with essential academic requirements, the personal statement is your opportunity to illustrate whether your reasons for applying to this programme match what the programme will deliver.

Application fee: There is an application processing fee for Eastman Dental Institute programmes of £110 for online applications and £135 for paper applications. More details about the application fee can be found at www.ucl.ac.uk/prospective-students/graduate/taught/application.
