PROSTHODONTICS
MClInDent / 
2017/18 ENTRY

www.ucl.ac.uk/graduate/eastman
This is a full-time two year, or part-time three-year Master’s programme comprising theoretical instruction, practical work and personal research.

**Degree summary**

The programme offers practical experience in advanced conservation, fixed (conventionally prepared and resin-retained designs) and removable prosthodontics, and implant-supported prostheses for single missing teeth, partial or completely edentulous cases, alongside an introduction to occlusal registration techniques and the range of diagnostic procedures required to ensure effective planning and design of oral reconstructions.

The programme offers an intensive programme with a strong practical emphasis. Students benefit from first-class facilities which provide unique, seamless training in specialist dentistry, including practical classes in the operative technique laboratory. Approximately two-thirds of the programme is allocated to clinical and laboratory work for patients.

The programme is delivered through one-to-one clinical and laboratory instruction, seminar teaching, lectures, journal club, individual work including a research project, self-directed learning and problem-based learning.

**Degree structure**

Mode: Full-time: 2 years; Part-time: 3 years  
Location: London, Bloomsbury

Students undertake modules to the value of 360 credits. All modules are compulsory. Year one consists of core modules (165 credits). Year two consists of core modules (105 credits), and a dissertation (90 credits). Year three (Speciality/Advanced Training only) is not credit-bearing.

### CORE MODULES

- Interdisciplinary Aspects of Restorative Treatment  
- Principles of Treatment Core Module (Conservative Dentistry, Implant Dentistry, Prosthodontics)  
- Fundamentals of Fixed and Implant Prosthodontics  
- Fundamentals of Removable Prosthodontics  
- Prosthodontic Treatment Planning and Functional Occlusion  
- Prosthodontic Clinical and Laboratory Care I  
- Advanced Restorative Seminars - Clinical Log Book I and Case Reports I  
- Prosthodontic Operative Dentistry and Endodontics

### OPTIONAL MODULES

- There are no optional modules for this programme.

### DISSERTATION/REPORT

- All students undertake an independent research project in year two which culminates in a dissertation of approximately 13,000-15,000 words.
Your career

The majority of graduates continue their progression to specialist training in prosthodontics to gain entry to the prosthodontic specialist list.
Entry requirements

All applicants must normally hold an approved dental qualification and have a minimum of two years' clinical experience post-qualification.

English language proficiency level

If your education has not been conducted in the English language, you will be expected to demonstrate evidence of an adequate level of English proficiency.

The level of English language proficiency for this programme is: Good.

Information about the evidence required, acceptable qualifications and test providers is provided at:
www.ucl.ac.uk/graduate/english-requirements

Your application

Students are advised to apply as early as possible due to competition for places. Those applying for scholarship funding (particularly overseas applicants) should take note of application deadlines.

When we assess your application we would like to learn:

// how your academic and professional background meets the demands of this programme  
// why you want to study prosthodontics at graduate level  
// what particularly attracts you to this programme  
// where you would like to go professionally with your degree and how this programme meets your needs

Together with essential academic requirements, the personal statement is your opportunity to illustrate whether your reasons for applying to this programme match what the programme will deliver.

Successful applicants to this programme will be required to pay a tuition fee deposit dependent on their mode of study and fee status as given below:

// UK/EU full-time: £2,500  
// UK/EU part-time: £2,500  
// Overseas full-time: £5,000  
// Overseas part-time: £5,000

Further details can be found on the Fees and funding page.
