The Early Years Education (Online) MA offers exceptional career development opportunities for early childhood practitioners and other early years professionals worldwide. This programme builds upon the success of, and is closely linked to, the campus-based Early Years Education MA programme.

**Degree summary**

This online Masters degree offers students the opportunity to enhance their professional development and understanding of national and global issues in early learning, early years policy and curricula; to critically evaluate a range of literature about young children’s learning and best practice in early education; and to develop their understanding of research methodology with and about young children. Students conduct their own small-scale research project in a setting of their own choice during their second year of study, written up as the Dissertation. Students can expect to study an average of 300 hours per 30-credit module and 600 hours for the Dissertation. The number of weekly study hours can vary during the programme. As a general guide, students following the suggested 2-year programme structure can expect to study 7-14 hours per week and 1-2 hours per day.

The UCL Institute of Education (IOE) is ranked first for education in the QS World University Rankings by Subject 2017.

The online programme provides students worldwide with an opportunity to access the exceptional expertise of the early years team at UCL IOE.

The Early Years Education staff team at UCL IOE have been at the forefront of international research for the past two decades, including the renowned Effective Pre-School, Primary and Secondary Education (EPPSE) project. The programme also has close links to the Helen Hamlyn Centre for Pedagogy (0-11).

The programme is delivered through online sessions based on Moodle, our virtual learning environment. Assessment is by 5,000-word coursework assignments and a 20,000-word dissertation.

Your career

Graduates of the MA Early Years Education (Online) are currently working as advisers to local and national governments; as nursery, children’s centre and senior leaders; and as further and higher education tutors. Some have become early years doctoral and funded researchers.

Employability

This programme will enable students to understand and reflect on current knowledge of international early years policy and practice; to raise awareness of research into early childhood practice and of research methods and approaches relevant to the field of study; and to enable critical understanding of policy development in early childhood services, at a local, national and international level.
Entry requirements

A minimum of an upper second-class Bachelor’s degree or equivalent in a relevant subject. Appropriate experience of working with young children is desirable. Applications will be considered on a case-by-case basis.

English language proficiency level

If your education has not been conducted in the English language, you will be expected to demonstrate evidence of an adequate level of English proficiency.

The level of English language proficiency for this programme is: Good.

Information about the evidence required, acceptable qualifications and test providers is provided at:
www.ucl.ac.uk/graduate/english-requirements

Your application

Students are advised to apply as early as possible due to competition for places. Those applying for scholarship funding (particularly overseas applicants) should take note of application deadlines.

When we assess your application we would like to learn:

- why you want to study Early Years Education (Online) at postgraduate level
- why you want to study Early Years Education (Online) at UCL
- what particularly attracts you to the chosen programme
- how your academic and professional background meets the demands of this challenging programme
- where you would like to go professionally with your degree

Together with essential academic requirements, the personal statement is your opportunity to illustrate whether your reasons for applying to this programme match what the programme will deliver.

There is an application processing fee for this programme of £75 for online applications and £100 for paper applications. Further information can be found at:
www.ucl.ac.uk/prospective-students/graduate/taught/application.
