ENDODONTOLOGY MClinDent
2019/20 ENTRY

www.ucl.ac.uk/graduate/
This programme aims to develop the cognitive, psychomotor and interpersonal skills required to enable independent practice of endodontics. It is studied either full-time over two years or part-time over four years and has a strong clinical bias.

Degree summary

The programme teaches a broad and deep understanding of endodontology, enabling students to apply appropriate clinical strategies from first principles. Mentored coaching specifically targets development of independent learning skills, with the aim of achieving long-term mastery.

Students benefit from a comprehensive curriculum, opportunities for self-directed learning, a clinically relevant laboratory techniques course, emphasis on integration of theoretical and clinical aspects, and prioritised reading recommendations. The broad flexible approach allows scope for the pursuit of individual academic interests.

The programme is delivered through a structured lecture and seminar series, skills laboratory simulation courses, diagnostic clinics, supervised treatment of patients, and a research project.

Accreditation

This programme has been accredited by General Dental Council; Faculty of General Dental Practitioners; the London Deanery in conjunction with the Specialist Advisory Committee in Restorative Dentistry (as part of specialist training) and European Society of Endodontology (as part of specialist training).

Degree structure

Mode: Full-time: 2 years; Part-time: 4 years
Location: London, Bloomsbury

Students undertake modules to the value of 360 credits. Year one consists of core modules (135 credits) and a dissertation (30 credits). Year two consists of core modules (135 credits) and a dissertation (60 credits). Year three modules (Speciality/Advanced Training only) are non-credit bearing.

Please note that the list of modules given here is indicative. This information is published a long time in advance of enrolment and module content and availability is subject to change.

Your career

This programme prepares students for future professional evaluation of clinical/academic competence as a specialist. It is also a suitable springboard for pursuing academic, clinical or research careers in endodontics.

Employability

The programme’s strong emphasis on integrated development of multiple domains produces well-rounded clinicians with the competence and aptitude for developing and delivering a high-quality and predictable clinical service in endodontics.
**Entry requirements**

All applicants must hold an approved dental qualification and have a minimum of three years’ clinical experience post-qualification.

**English language proficiency level**

If your education has not been conducted in the English language, you will be expected to demonstrate evidence of an adequate level of English proficiency.

The level of English language proficiency for this programme is: Good.

Information about the evidence required, acceptable qualifications and test providers is provided at:

[www.ucl.ac.uk/graduate/english-requirements](http://www.ucl.ac.uk/graduate/english-requirements)

**Your application**

Students are advised to apply as early as possible due to competition for places. Those applying for scholarship funding (particularly overseas applicants) should take note of application deadlines.

When we assess your application we would like to learn:

- how your academic and professional background meets the demands of this programme
- why you want to study endodontology at graduate level
- what particularly attracts you to this programme
- where you would like to go professionally with your degree and how this programme might meet your goals.

Together with essential academic requirements, the personal statement is your opportunity to illustrate whether your reasons for applying to this programme match what the programme will deliver.

There is an application processing fee for Eastman Dental Institute programmes of £110 for online applications and £135 for paper applications. Further information can be found at:

[www.ucl.ac.uk/prospective-students/graduate/taught/application](http://www.ucl.ac.uk/prospective-students/graduate/taught/application)
